Alexander Batischev

Education

2009–present	**Student**, *National Technical University of Ukraine "Kyiv Polytechnic Institute", College of Informatics and Computer Science, Department of Automatic Information Processing and Control Systems*, Kyiv.
2005–2009	**Student**, *Lyceum, Course of Physics and Math*, Smila, Cherkassy region.

Experience

2010–2011	**Worked on the Haskell translator from POSIX Shell to C89**. The project is available at `https://github.com/Minoru/loker/tree/compiler`

Languages

Ukrainian	**Native**
Russian	**Native**
English	**Upper-intermediate** *Sufficient for professional correspondence and reading fiction*

Computer skills

Programming Languages	**Intermediate:** ANSI C **Basic:** C++, Haskell, Perl, Python, POSIX Shell
Operating Systems	**Linux** *(using GNU/Debian as a sole OS since the middle of 2008)* **Windows** *(would avoid it as much as possible)*
Tools	`VIM`, **GNU toolchain (**`GCC, make`**)**, `Git`, `ZSH`, LaTeX.
Other	**PostgreSQL**.

Interests and Hobbies

Programming	Functional programming (Haskell in particular), parallel programming, algorithms and data structures
Blogging	I'm sharing Debian/Linux/programming-related tips at `http://debiania.in.ua/`
Reading	Fond of sci-fi literature
